

## Connecticut Ancestry eNews – delivered November 8, 2012

Hello fans of Connecticut Ancestry with two news items this month,

Let me also say, I hope those of you in the local area have persevered through both Sandy and Athena over the last couple of weeks. Our thoughts and prayers have been with all those affected by the storms.

### #1 - Connecticut Ancestry November Program

A quick reminder that our next program this fall, on **November 10th**, we are bringing to **Trumbull Library** our genealogist, **Fred Hart**, who will be discussing some surprises found in the Land Records of our area towns. This entertaining lecture is sure to give you some clues in coloring in your own family history.

Fred Hart is an inspiration to many of us on this genealogical journey. A Certified Genealogist (CG), he was elected to be one of only fifty Fellows of the American Society of Genealogists (FASG). This month a video produced by the National Genealogical Society features his story of becoming a genealogist (though it's only available to members of NGS at their website, [www.ngsgenealogy.org](http://www.ngsgenealogy.org) ).

We need your help in advertising these events. Please remember that all of these events are free and open to the public. Bring a friend. Go to our website (on the home page or on the “News” page) and download the flyer and distribute to others who might be interested. Tweet the event to your followers. Like our Facebook page. Help us bring these great programs to more people.

### #2 - New England Regional Genealogical Conference registration open

A charter member of the New England Regional Genealogical Consortium, Inc., we, along with many other societies in the region, put on a biennial conference. This conference is being held **April 17-21, 2013** at the **Radisson Hotel & Conference Center in Manchester, NH**. This is a national level conference brought to our region every two years. The online registration brochure is available on the website at [www.nergc.org](http://www.nergc.org).

This conference is kept inexpensive because of the volunteer efforts of the participating societies. Not only would we love to see you all at this fantastic conference, but we would also appreciate you volunteering on behalf of this society. I personally started with NERGC in 2007, and have become the Signage Chair and now also am on the Board. It is an amazing way to meet some of the preeminent genealogists throughout New England.

Looking forward to seeing you!

Robert Locke  
Webmaster, Connecticut Ancestry Society
